Member Testimonial

Tina Brandon-Abbatangelo, DDS, Chair,
NDA Communication Council, ADA
Alternate Delegate for Nevada

"I renewed my NDA membership this year because now is the time to have a united front. The ADA and the NDA have been instrumental, advocating for their members to keep us safe, and to keep our dental offices open to provide safe, quality care to our patients. The American Dental Association and The Nevada Dental Association have been our voice."

Member Highlight

"Organized dentistry is important for protecting our profession and ensuring we have a voice in the legislative decisions that directly affect us."

-Dr. Christine Lemon
